TO THE ALTERNATIVE RATE FILING PROCEDURE)	2001-239
FOR SMALL UTILITIES)	

ORDER

On July 31, 2001, River Road Disposal System ("River Road") filed an application for Commission approval of proposed rates. The proposed rates for sewer service would generate additional annual revenues of \$2,673, an increase of 131 percent above normalized operating revenues.

By Order dated September 17, 2001, the Commission issued a Staff Report that was prepared upon review of River Road's test-year operations. Staff's report recommended that River Road's requested increase be granted. The Order granted 10 days to file written comments regarding the Staff Report or requests for a hearing or informal conference. No such comments or requests were made.

The Commission, having considered the evidence of record and being otherwise sufficiently advised, finds that:

1. The recommendations and findings contained in the Staff Report are supported by the evidence of record, are reasonable, and should be adopted as the findings of the Commission.
2. The rates in Appendix A will produce annual revenue from sewer service of \$4,713.

IT IS THEREFORE ORDERED that:

1. The findings contained in the Staff Report are adopted and incorporated by reference into this Order as if fully set out herein.

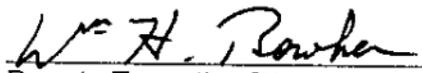

2. The rates in Appendix A are approved for service rendered by River Road on and after the date of this Order.

3. Within 30 days of the date of this Order, River Road shall file with the Commission its revised tariff setting out the rates approved herein.
